25 per cent War Loan 1928-1947 at any time on or after the 1st June 1918.

25 per cent War Loan 1928-1947 at any time on or after the 15th October 1918.

Such Capital and Interest will be a charge on the Consolidated Fund of the United Kingdom.

As soon as the necessary authority has been obtained, arrangements will be made for the acceptance by the Commissioners of Inland Revenue of Stock and Bonds of these Loans at their respective issue price, with due allowance for any unpaid interest thereon, as satisfaction of arrears due in respect of death duties, provided such stock and bonds have formed part of the estate of the deceased for the period of not less than six months immediately preceding the date of death.

For the purpose of providing against depreciation in the market price of the loans the Treasury considers it not quite desirable to pay a sum equal to one eighth of 1 per cent of the amount of each loan to form a fund to be used for purchasing stock or bonds of either loan for cancellation whenever the market price falls below the issue price. Whenever the accumulated balance of such fund reaches £100,000 the monthly payments will for the time being be suspended but they will be resumed as soon as the accumulated balance falls below £10,000,000.

Dividends on Inscribed and Registered Stock of the 25 per cent War Loan 1928-1947 will be paid without deduction of income tax, but the income derived from such dividends will be assessable to income tax in the hands of the recipients at the rate of tax appropriate to their respective incomes.

Dividends on the 25 per cent loan will be exempt from liability to assessment to British income tax other than upon death. For the purpose of ascertaining and computing total income for the purposes of assessment, dividend, interest rate of income tax on dividend or interest income, etc., the income derived from such dividends will be treated as if the amount received represented the return after reduction of income tax at the full normal rate. There will, however, be no tax to repayment of income in respect of such retained dividends.

Stock and Bonds of these loans and the dividends payable from time to time in respect thereof will be exempt from all British income tax and interest if it is shown in the manner directed by the Treasury that they are in the beneficial ownership of a person who is either domiciled or ordinarily resident in the United Kingdom of Great Britain and Ireland. Further, the dividends payable from time to time in respect of stock and bonds of these loans will be exempt from British income tax if it is shown in the manner directed by the Treasury that the stock or bonds are in the beneficial ownership of a person who is not ordinarily resident in the United Kingdom of Great Britain and Ireland without regard to the question of domicile. Where a bond belongs to a holder entitled to exemption under these provisions the relative coupons will be paid without deduction for income tax in other terms of arrangement by a declaration of ownership in such form as may be required by the Treasury.

The books of the loans will be kept at the Bank of England and at the Bank of Ireland. Dividends on stock will be paid by means of check will be sent by post. Dividends on bonds will be paid by coupon.

Stock will be convertible into bonds to bearer at any time by means of transfer and bonds to bearer will be exchangeable for stock without payment of any fee.

Power of attorney for the transfer of inscribed stock and bonds for the benefit of registered stock will be free of stamp duty.

"Fully paid allotments" will be issued in one or either of the following forms as applicants may desire:-

1. "Certificate of inscription" of stock transferable in the stock transfer books.

2. Register certificate of stock transferable by deed.

3. Bond certificate (a) exchangeable in due course for bond (a) to bearer.

Deed and allotments will be issued in the form of "Allotment letters" which may either be retained until they are fully paid or may be exchanged for scrip certificates to bearer.

The amounts payable in respect of "instalment allotments" may be paid in full on or after the 1st March 1917 under discount at the rate of 4 per cent per annum. Where payment in full is made between two instalment dates discount will be calculated on from the instalment date until exceeding the date of such full payment. In case of default in the payment of any instalment by the proper date the deposit and any instalments previously paid will be liable to forfeiture. Arrangements have been made whereby holders of allotment letters will be able to make further payments without additional charge at offices of the principal banks throughout the United Kingdom.

Dividends due 15th April 1917 and 1st June 1917 in respect of allotment letters, bond certificates, and scrip certificates will be paid by cheque.

Allotment letters and scrip certificates if paid in full may be exchanged for stock on or after the following dates, viz.

The scholarships will be of the annual value of £250 each and will be tenable in Europe for a period of two years. The scholarship holder will be required to pay their own University fees. Some elementary knowledge of French and German should if possible be required by the scholar before leaving India.

In selecting the scholar, regard will be paid to the following considerations. As the most usage of Sanskrit literature unless it is necessary for a scholar to select some special field of Sanskrit learning in which to specialise, the choice of the special branch of study should be made in India and the pertinent preparatory studies completed before the scholar leaves for Europe. Accordingly if a scholar wishes to specialise on—

(a) Veda or philosophy, he should have some knowledge of Latin and Greek;  
(b) Philosophy, he should have studied one of the systems of Indian philosophy in the original texts and have read some Plato and Aristotle;

(c) Post-Veda literature, the student should have extended scholarship beyond the limits of the sources permitted for the B. A. examination of an Indian University.

3. Before a candidate leaves India to take up his scholarship, his parent or guardian will be required to show that he has deposited with the Secretary for Indian Students in London a sum of £10 for initial expenses.

4. Candidates desirous of applying for the scholarships should submit their applications to the Director of Public Instruction as to or reach him on or before the 31st March 1912.

Applications should give detailed information on the following points:—

- (5) Native place and district or community to which candidate belongs.
- (6) Whether candidate has the consent of his parent or guardian to proceed to Europe.
- (7) Address in full.
- (8) Subject in which candidate wishes to specialise.

The scholarship will carry with it no conditions as to any subsequent service or service under Government, and no expectations of such employment will be held out.

4. The scholarship when awarded for educational courses will be granted to a candidate who has passed the B.A. Degree examination of an Indian University. The quantity required shown against all articles in Group No. VII of "Non-perishable articles" and all "Perishable articles" in Schedule B is only a probable one and will be more or less according to actual requirements.

1. A separate tender must be sent for each group of articles.  
2. Tenders will be opened by the Superintendent, Government Ophthalmic Hospital, Marshall's Road, Fort, on the appointed date in the presence of those interested who may choose to attend.  
3. Tenders to be submitted showing the number of the group or article and schedule. Each tender must contain not only the name but the total value of each item of supply entered in a separate column, the steps in which must be detailed up.

4. Each tender must be accompanied by a deposit in Government Promissory notes or Bank receipts equal to 5 per cent on the total value of his tender, and in default of such deposit the tender will be rejected, and any tender be returned after the time fixed for the opening of tenders. No set will be received. The deposit will be returned to successful tenderers immediately.

5. The successful tenderers for non-perishable articles shall be required to deliver the articles in bulk one week after acceptance of tender. Payment will be made as soon as possible after delivery.

7. The successful tenderers for non-perishable articles accepting Groups Nos. 5 and 7, after receiving intimation that his tender has been accepted must supply the articles on call before the prescribed date, failing which his current money will be forfeited to Government.

8. The successful tenderers for perishable articles must, within three days from date of receiving intimation that his tender has been accepted, deliver correctly, viz., 10 per cent on the total value of the articles, failing which his deposit shall be forfeited to Government.

9. No intimation of tenders will be made to the unsuccessful.

10. A fine not exceeding 10 per cent of the deposit money will be levied from the successful contractor of perishable articles for any infringement of the stipulations of the bond, and if frequently repeated the contract will be annulled and the security forfeited to Government. The contract must not be sold.

11. The contractor's security will be returned to him on completion of his contract.

12. Samples of the different articles must be furnished by each tenderer with his tender. The samples of the accepted tenders will be made and lodged in the office of the Superintendent, Government Ophthalmic Hospital.

13. The Superintendent, Government Ophthalmic Hospital, reserves to himself the right to decline to accept the tender for any one or more of the articles tendered for by the successful tenderer without assigning any reason for doing so.

14. The Superintendent, Government Ophthalmic Hospital, also reserves to himself the right of rejecting tenders without assigning any reason for doing so.

15. Tenders containing items manifestly below the market value of articles will be annulled and rejected.

16. Every agreement in the tender must be countersigned by the tenderer, failing which the tender will be rejected.

17. The successful tenderer will be required to sign a bond and to pay the value of the proper stamp duty on his contract.

18. Government Promissory notes lodged as current security money or security deposit for a period of 12 months or less shall not be returned over to the Superintendent, but shall remain in the name of the depositor.
